

Tough PLC™

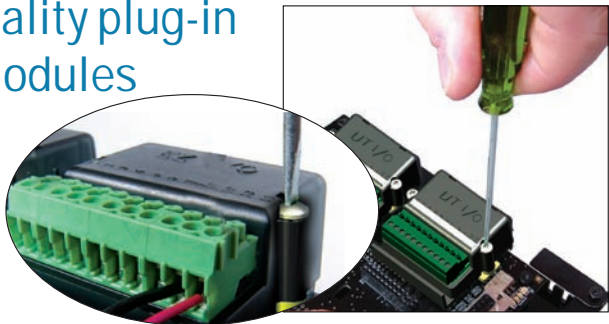

Director 1050

Metal Construction, Tough on Heat, Humidity, Power Surge & Electrical Noise

Completely Modular with Flexibility of 26 different I/O Modules

No Air Conditioning required for this PLC!

Wide Selection of Digital, Analog & Speciality plug-in I/O modules

Ethernet Port with Modbus TCP/IP, Ethernet IP or UT I/P

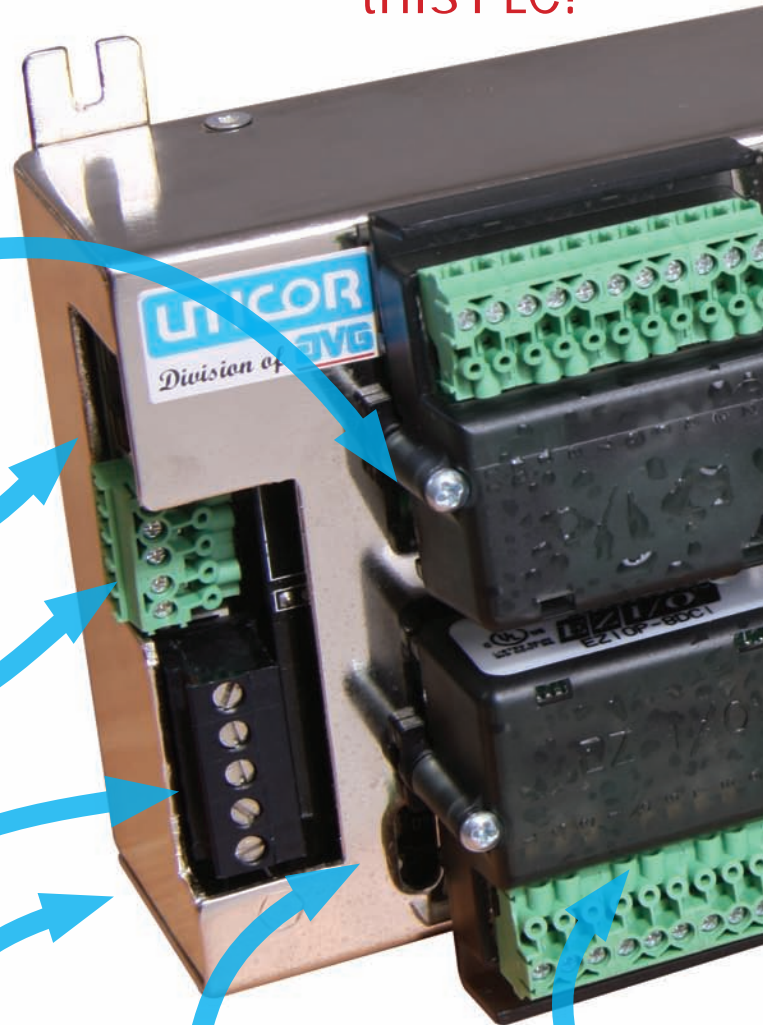

Optically Isolated

RS422/485 port with Modbus RTU or UT protocol

Profibus Slave or Device Net option card

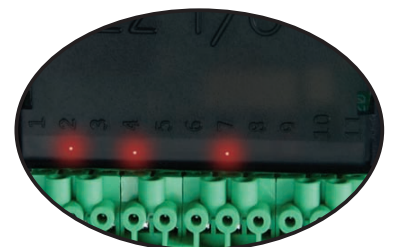

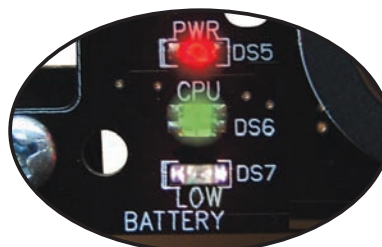

Heavy Duty Metal Enclosure, Conformal Coated Electronics

NEMA ICS 2-230 Showering Arc
ANSI C37, 90a-1974 SWC
Level C Chattering Relay Test

CPU Status Indicator LEDs

I/O Status LED Indicators

Simplest Ladder Logic, High-End Math, PID and Communication Features, Modular PLC/DCS at the Cost of Fixed I/O Micro PLC

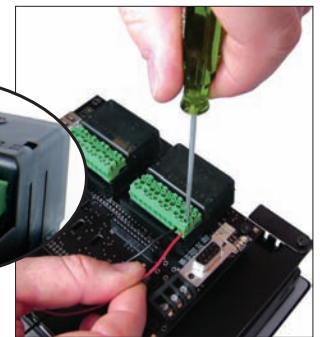

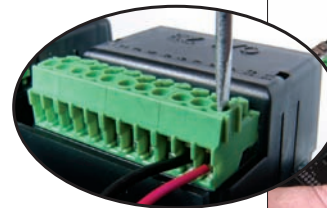

60°C, 95% Humidity
4 yr Warranty

0.5 Amp Short
Circuit Proof DC
Outputs

Tough
PLC

EZ to Wire Phoenix Plug-in
Terminal Blocks

8 to 2048
I/O point

24 VDC or
110/230 VAC
power input

RS232 Programming or HMI
Interface Port, **optically isolated**

32 bit Floating point Advanced
Math with Log/Trig Functions

DIN or Panel
Mount

8 Autotuned PID Loops

100 KHz Counter
Modules

3 ms Scantime
64KB Memory

250 KHz PWM
Modules

Multi-User, Low Cost, No Hassle,
Drag-n-Drop Software

Transportable
Program
Storage Module
